The one-year Oñati IISL International Master in Sociology of Law, accredited at the Law Faculty of the University of the Basque Country in San Sebastián-Donostia, Basque Autonomous Community, Spain, offers advanced education for graduate students from law and the social sciences at large. In his presentation, the Scientific Director will illustrate in detail, why and how the Oñati IISL Master's is unique in terms of pedagogical approach, intellectual scope, physical and socio-cultural environment, as well as the institute's alumni programme.

Over the last two years, the IISL has been working to bring *Sortuz: the Oñati Journal of Emergent Social Legal-Studies* to the academic spotlight. *Sortuz* was conceptualized as a publication space that, while maintaining high quality standards for its content, is also accessible the newer members of the socio-legal field, giving them an opportunity to start their academic careers and become known to their peers.

Roundtable participants:

- Ulrike Schultz (FernUniversität in Hagen, RCSL)
- Martin Ramstedt (IISL)
- Julia Maia Goldani (Sortuz)
